Terms and Conditions

Applicable to services sold departing from airports all over the world, in countries where TrueStar Group operates.

TrueStarSecureBag® Solution (hereinafter referred to as TS@S) is the service offered by the Truestar Group (hereinafter **TrueStar**), which wraps your Luggage, making it recognizable, protected, and uniquely identifiable.

It also helps you search for it in case of delivery delays on the part of the airline, and in managing unexpected expenses due to delay.

1. Definitions

Luggage: suitcases, totes, backpacks, boxes, cases, or any container treated with TS@S, including its contents (personal effects).

TrueStar SecureBag® Solution Customer: the passenger of any airline that purchases the TS@S service (hereinafter "TS@S Customer").

Non-compliance event: Damage to Luggage (including theft or loss as defined by Damage to Luggage) or Delayed Luggage with the airline caused by the inadequate wrapping of the protective TrueStarSecureBag®Film, or luggage that is inadequately identified or recovered due to the wrapping or Luggage Search Service; as defined below.

Delayed return of Luggage: the return of Luggage (not delivered by the airline upon arrival at the destination airport) occurred over 36 hours after arrival at the destination airport.

Damage to Luggage: for the purposes of this contract, Damage means:

- breakage of external or internal parts of the Luggage (including locks, hinges, wheels, and handles), which renders said luggage unusable, with the exception of scratches or small tears;
- damage to the personal effects contained within the luggage itself;
- this expressly excludes any objects treated with the TrueStarSecureBag® Film protective wrapping but without a container (prams, skis, and other objects generally without a container).

The theft or loss of Luggage that is not found within the terms indicated below, will result in provisions according to the same penalty provided for in cases of damage.

Penalty: the amount recognized by TrueStar to the TS@S Customer in the event of service non-compliance (penalty is not recognized for customers departing from Brazilian airports).

2. TrueStar SecureBag® Solution includes the following services:

TrueStar SecureBag® Film protective wrapping and application of a unique identification code: this service refers to the treatment of the Luggage with a special high-quality, resistant, non-toxic, recyclable resin film that **protects the Luggage, preventing damage (deriving, for example, from water, impact, and accidental openings) and makes it easily identifiable and found within airports.**

In particular, the identification and recovery of the Luggage is guaranteed by the application of the TrueStarSecureBag® Label, i.e. a sticker with a unique identification code (TrueStarSecureBag® PIN) that is attached to the Luggage at the end of the wrapping as well as to the TrueStarSecureBag®Warranty receipt.

In the event that the Luggage is registered by the airline as **damaged** upon arrival at the destination airport, the TS@S Customer must follow the TS@S Customer Instructions indicated at **point 4** to activate the assistance service in case of Damage.

Luggage Recovery Service, in case of non-delivery by the airline.

In the event that the airline does not deliver the Luggage upon arrival at the destination airport, TrueStar will be responsible for the recovery of the TS@S Customer's Luggage; using, in particular, the identification and retrieval system for the Luggage as insured by the application of the TrueStarSecureBag® Label.

To this end, the TS@S Customer must activate the Luggage search service by following the TS@S Customer Instructions indicated at **point 4**.

The TrueStarSecureBag®Customer Center offers support to the TS@S Customer in the search for Luggage that hasn't been delivered by the airline in order to facilitate its recovery, but it is not responsible for the location procedures of the airlines nor does it have any relationship with their internal search procedures.

Start and end of the Luggage search service: in case of delayed Luggage delivery by the airline upon arrival at the destination airport, the service starts from the date in which the non-delivery is communicated to the TrueStarSecureBag®Customer Center and ends the **21st (twenty-first) day** following that date.

For the purposes of this contract, at the end of the 21st (twenty-first) day following the date on which the Luggage is registered as undelivered upon arrival at the destination airport or, subsequently, from the date on which the non-delivery is communicated to the TrueStarSecureBag®Customer Center, **Luggage will be officially deemed lost and the search service will cease, without any further search obligation on the part of TrueStar.**
